Assignment - 7

Ques. Recall a time when you were involved in a conflict with a friend.

1. Describe what the conflict was about .
 - I had a conflict with my project teammate regarding how to write a particular part of the code.
2. Identify the steps each of you took to try and manage this conflict.
 - We first told ourselves to sit and then had a peaceful discussion about what we can achieve if we implement each other's ideas and their merits and demerits.
3. What was the final outcome and how satisfied are you with the result.
 - We merged both of our ideas and came to a single point of interest and were both happy with our outcome.
